

ASSOCIATION OF SCIENCE AND TECHNOLOGY PARKS OF SPAIN (APTE)

Association of Science and
Technology Parks of Spain

WHAT IS APTE?

APTE was created in 1989 by the general managers of the first six science and technology parks in Spain:

- Asturias
- Andalucía
- Madrid
- Barcelona
- Valencia
- Bilbao

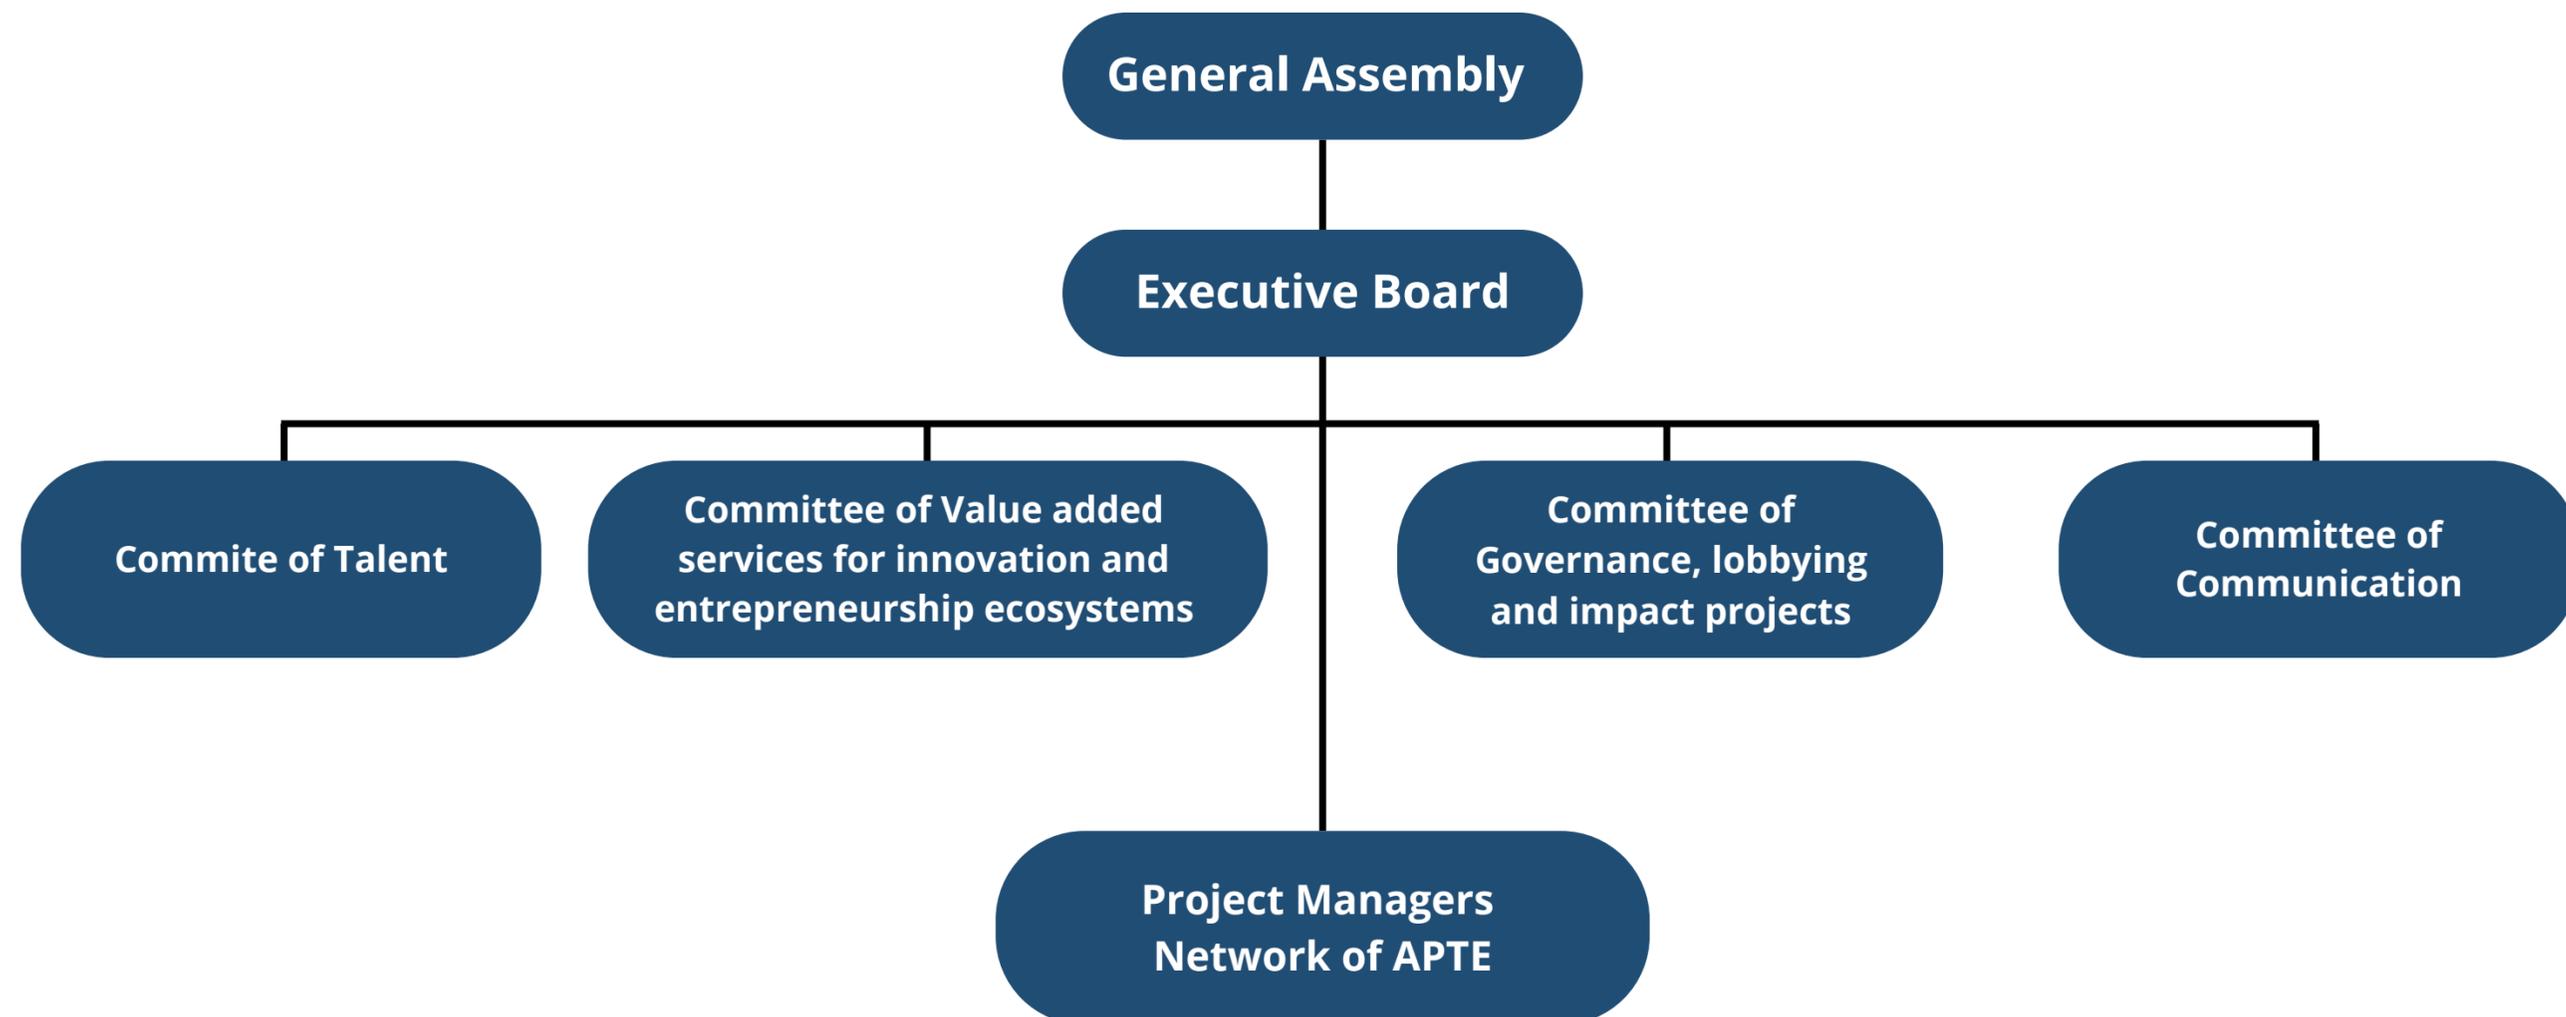

OUR STATISTICS

- **61 Members: 53 Full Members, 4 Affiliate and 4 Collaboratos**
- **21 STPs are promoted by Universities**
- **40 Universities are collaborating with STPs**
- **Companies: 6,000**
- **Turnover: 31.576 million €**
- **Employment: 168,462**
- **R&D investment: 2,116 million €**
- **R&D Employment: 42,170**

OUR TEAM

EXECUTIVE BOARD AND DELEGATED COMMITTEE

Felipe Romera Lubias
President

María Terrades Palomar
Vice President

Pepa Padrón León
Vice President

Augusto Cobos Perez
Vice President

Virgilio Díaz Gómez
Vice President

Parque Tecnológico de Euskadi

Parque Tecnológico de Galicia - Tecnópole

Málaga TechPark

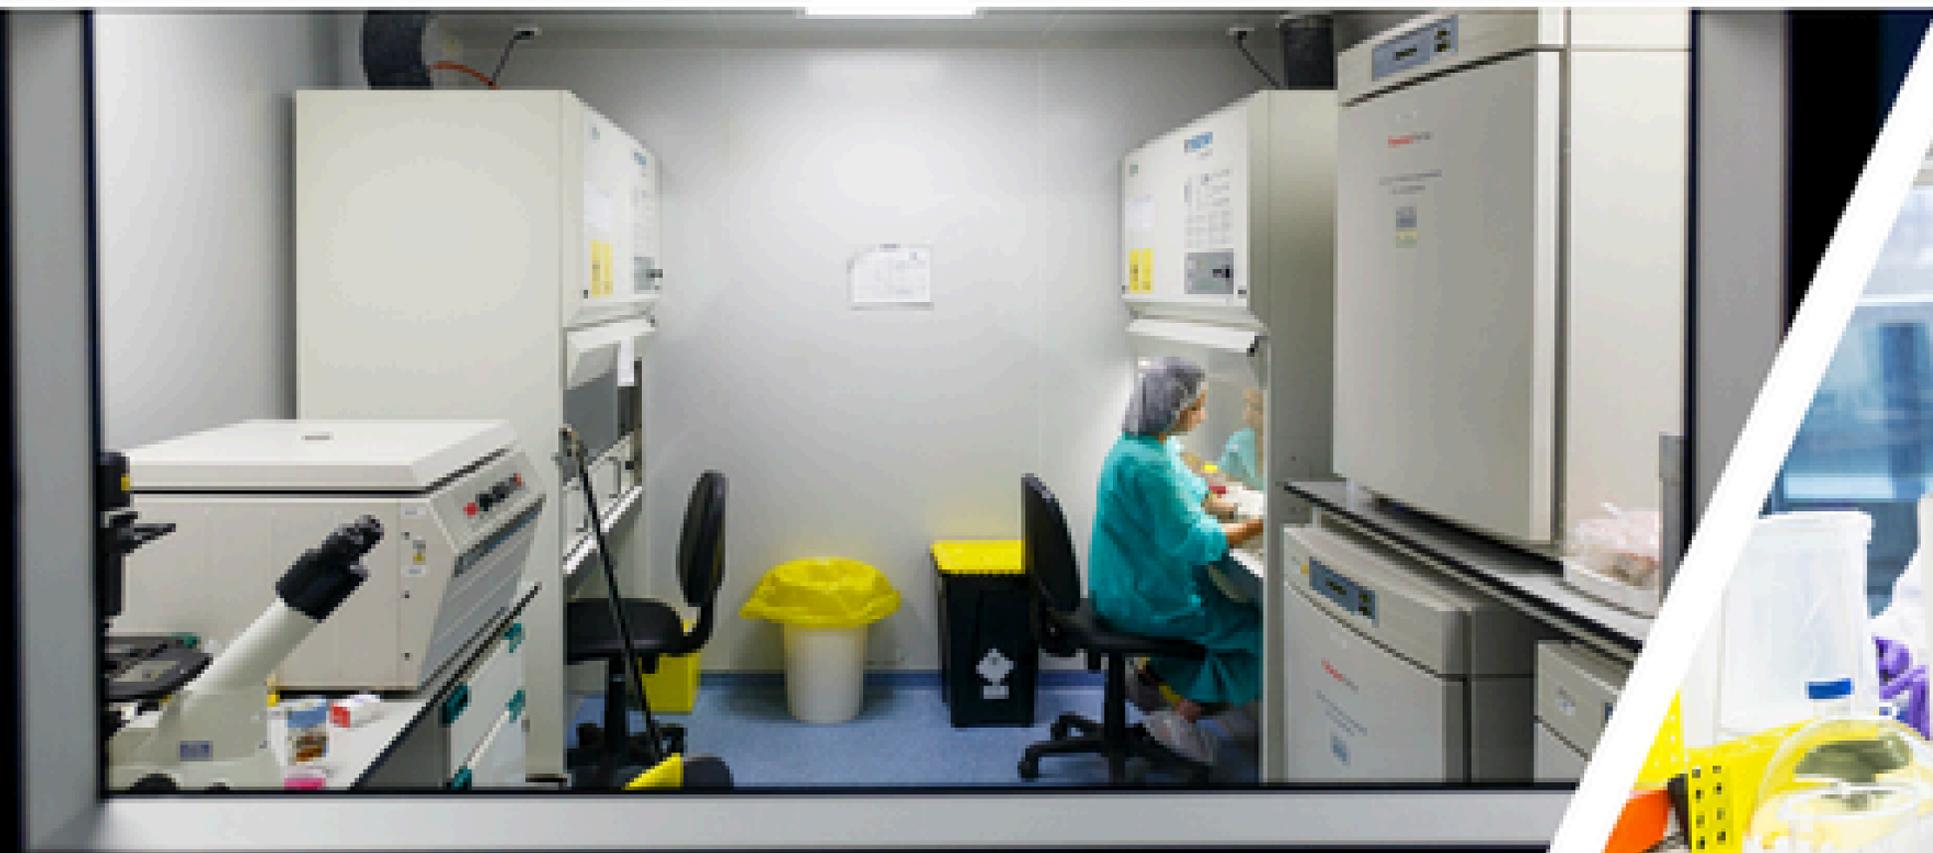

Parc Científic de Barcelona

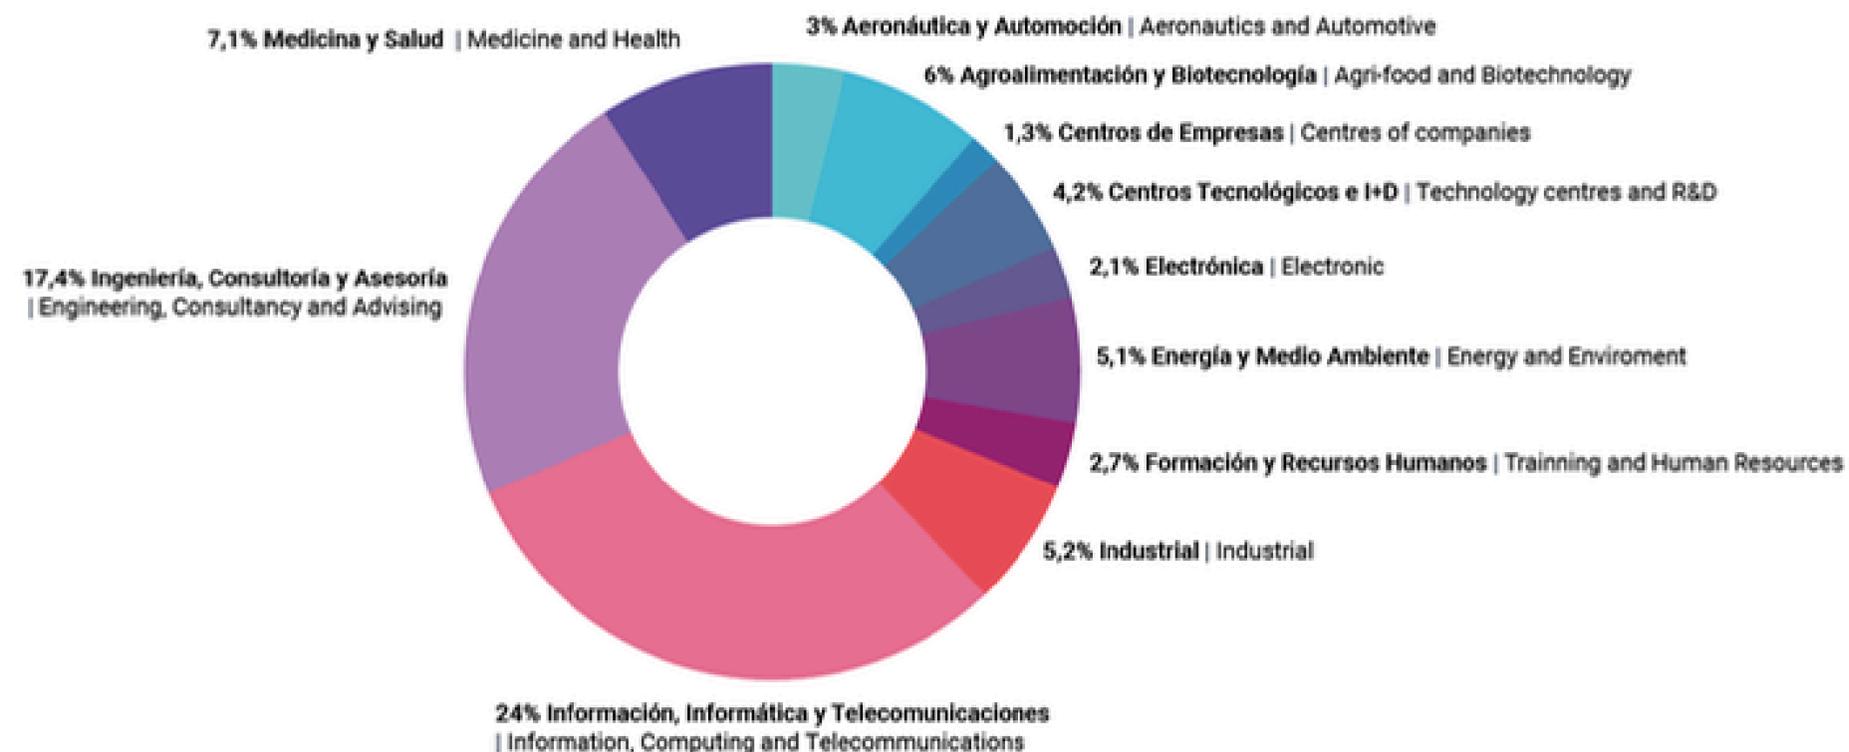

PC de la UC3M

Espaitec

EVOLUTION: SECTORS OF ACTIVITY

The sector with the highest number of companies in APTe member parks is the Information, Computer and Telecommunications sector with 24%.

PROMOTING SOFTLANDING BETWEEN STPS

It is a project promoted by APTE to foster the mobility of enterprises between STPs offering the opportunity to spend short periods of time in their facilities (softlanding).

The main tool of the project is a website where you can apply to participate.

#PTEDisruptive

PTE DISRUPTIVE

BENEFITS OF JOINING

- **Work Groups:** six specialized groups (Blockchain, Big Data–AI, 5G, Cybersecurity, Quantum Computing, and a cross-sectional group on digital accessibility).
- **Exclusive Events:** access to Webinars, B2B Meetings, workshops, and much more.
- **R&D+I Support:** stay updated with the latest calls for proposals.
- **Use Cases:** share how you use disruptive technologies.
- **Entrepreneur's Dashboard:** share and enrich your projects.
- **Job Offers, Challenges, and Elevator Pitches:** discover the talent you need.

MARKETPLACE PTE DISRUPTIVE

- Collaboration Marketplace: post international offers and demands.

Collaboration Marketplace

In this space, entities from any country can publish **offers or demands** for collaborations. Only those offers and requests related to R & D & i in the field of digital technologies will be published.

En este espacio, entidades de cualquier país pueden publicar **ofertas o demandas** de colaboración. Sólo se publicarán aquellas ofertas y demandas relacionadas con I+D+i en el ámbito de las tecnologías digitales.

3D-CIRCULAR

Digital Deep Tech Driven Circular Economy (3D-CIRCULAR) is a European project funded by the European Union through the Digital Europe programme, in which APTE participates. Its mission is to develop the next generation of educational ecosystems and expert talent certification, with the aim of driving the transition towards a European circular economy that is digital and based on deep tech technologies.
